

## Elgeta Tournament of Atari 2020

The last Friday, 24 of January. We met 4 players in Elgeta (Gipuzkoa, Basque Country). There one friend of us lives and he encouraged us to go there and play to several retroconsoles. We met David, Ander, Tomas and me, Egotiz. Before the event Darlyn, the son of my girlfriend played against me to Basketball (atari game) and after the tournament Lisandra, my girlfriend also played against me to Basketball and Maze Crazy. For this reason I have added his names and results to the ranking.

We went by car Tomas, Ander and me to Elgeta with my Atari and my Amiga-500 (after the Atari tournament we played another tournament about Amiga-500).

We arrived at his home and we turned on the Atari while we played music. We played to 6 games in this order: Basketball, Polaris, Flag Capture, Front Line, Maze Craze and Space Invaders. We enjoyed a lot during this one hour and a half. We will gather again, or this is my goal, in June or July to play the II. Basque Tournament of Atari 2600.

Here you can see the results. These results will be added to the International Ranking of Atari.

### Basketball

In September, in the I. Basque Tournament of Atari, we played to Basketball and this time we played again because we love the game. We played 3 matches, the two semifinals and the final. Egoitz was the best of them. Before the tournament Egoitz played against Darlyn and by little but he also won. Finally the next day of the tournament Egoitz (I love the game) played against Lisandra and he beat her.

It's nice to see how such a simple game can be so addictive

### Polaris

Then we tried to destroy the aircrafts with our submarine. In this game David Montfulleda was the best and the player who got the best punctuation, with more than 3000 points! The other ones couldn't destroy that small aircraft who drops that intelligent bombs.

My three friends enjoying with our Atari

### Flag Capture

Then we tried to find the flag before our rival. Very funny but at the same time stressful game. The more intelligent and faster player was Ander who beated us. Blissful bombs!

### Front line

David and Ander were the best gunman and they killed 15 soldiers! At the beginning it is easy to die immediately but you learn to cover yourself and shoot successfully. Great game to play with friends.

### Maze Craze

Then we played semifinals and the final of this game. Finally David was the fastest finding the exit and escaping from the police. Sometimes the joystick doesn't run and you lose some gold seconds.

## Space Invaders

Finally we played to Space Invaders, a classic game. I love this game and I always try to destroy all the invaders who want to conquest us. I played very good, but David played better and won the tournament.
